

Hospital Comments on Quality and Cost

Gastrointestinal (GI) Hemorrhage

[Link to General Comments on Quality and Cost from all hospitals](#)

Reporting Hospitals:

- Caritas St. Elizabeth's Medical Center
- Sturdy Memorial Hospital
- Winchester Hospital

Caritas St. Elizabeth's Medical Center

GI Hemorrhage: 12/242

Sturdy Memorial Hospital

The posted mortality rate represents seven deaths. Their average age was 82 years, and five of them requested Do Not Resuscitate orders or Comfort Measures Only. We are honoring our patients' wishes. This is an important role played by all community hospitals.

Winchester Hospital

Winchester Hospital's mortality rate is statistically consistent with expectations, and our estimated cost per procedure is within the lowest 25% of hospitals in the study.
